### **MEMORANDUM**

TO: MONTREAT PLANNING AND ZONING COMMISSION  
CC: TOWN OF MONTREAT BOARD OF COMMISSIONERS  
FROM: ALEX CARMICHAEL, TOWN ADMINISTRATOR  
SUBJECT: REZONING OF WELL SITE 4 FROM CONSERVATION DISTRICT (CD)  
TO INSTITUTIONAL ZONING DISTRICT (I)  
DATE: NOVEMBER 30, 2017

---

**BRIEF SUMMARY:** The Town of Montreat has sought ways to address problems for equipment and employees stemming from its lack of an adequate Public Works building. Expensive equipment and materials are left out in the elements, accelerating depreciation, risking unnecessary loss, and degrading the aesthetic quality of the surrounding environment. Town staff must prepare and maintain equipment while exposed to variable weather. To address these issues staff proposed to the Montreat Board of Commissioners new construction of a metal “butler building” at the March 2017 regular Commission meeting. Staff investigated several parcels of public property and identified one that would have sufficient unrestricted space. The property is the site of the old Well Site Number 4, located behind the MRA Maintenance Building. Well 4 has been offline for approximately 20 years and has been removed from the State’s well inventory for Montreat. Staff proposed a building at the site that would be around 5,000 square feet and would include a stormwater mitigation system that could potentially irrigate the Native Plant Garden. The Commission unanimously voted to direct staff to investigate and prepare for such a Public Works building. During that investigation staff determined that the proposed site is located inside the Conservation District and that such a building is not eligible for conditional use, nor permitted by right in the existing zoning district.

Staff again looked at existing public property for potential locations of a Public Works building, but found no other adequate site. Staff requests that the property around Well 4, as presented in the enclosed maps, be rezoned from Conservation District to Institutional Zoning District.

**STAFF COMMENTS:** The current Conservation District zoning designation where Well 4 is located was established to protect tracts of land from residential, commercial, and institutional development and to preserve land for parks, open space, recreational areas, greenways, trails, waterways and flood plain areas; whereas the Institutional Zoning District designation was established to permit certain institutional uses. At first look these two designations are contradictory. These opposing districts however, were established squarely adjacent to each other, and the history, use, and circumstances of reality have never fitted so neatly as the district boundaries on the Zoning Map would reflect.

Still, action to rezone this site should not proceed without caution. The possibility of rezoning only one individual parcel (e.g. the subject parcel) as opposed to the entire Conservation District may incur judicial review as “spot zoning,” if the zoning action is challenged. The primary concern is that the decision to spot zone must be shown to be reasonable and in the public interest. Relevant factors to be considered are:

- The size and nature of the tract;
- Compatibility with existing plans;
- Impact of the zoning decision on the landowner, the immediate neighbors, and the surrounding community;
- Relationship between the newly allowed uses in the spot rezoning and the previously allowed uses.

North Carolina law, unlike some other states, does allow spot zoning in certain circumstances, but the Town Commission must be prepared to demonstrate that their decision is defensible under the criteria mentioned above. North Carolina does not mandate that spot zoning decisions must follow quasi-judicial process, nor is a local government council required to publish specific findings of fact as in typical evidentiary hearings. The cautionary note is that great care must be exercised to be certain that a decision is well grounded in the public’s best interest and supported by clear facts relevant to the case.

Staff believes that the criteria for lawful spot zoning is met in this case. Under its current use the site does not adhere to its intended conservation purpose, but instead serves as an open equipment yard. The rezoning of the site to allow the construction of a Public Works building would effectively clean up an otherwise messy site and could potentially elevate the environmental quality of the broader area. Further, the site borders the municipal boundary of Montreat, just across the line from a campus of buildings and uses serving the same institutional purpose. The Institutional designation would be in conformity with the neighboring property across the boundary, and would no more contradict the intent of the neighboring Conservation District than its current condition.

The construction of a Public Works building at Well Site 4 would provide relief for the staff and operations of the Town while cleaning up the existing use of the area.

The person(s) mailing such notices shall certify to the Board of Commissioners that the notices were mailed in accordance with this section, and such certificate shall be deemed conclusive in the absence of fraud. In addition to the published notice, the Town shall post one or more prominent signs on or immediately adjacent to the subject area reasonably calculated to give public notice of the proposed change in the Official Zoning Map.

- 4) In the case of a protest against a proposed change signed by the owners of at least twenty percent (20%) either (1) of the area of lots affected by such proposed change, or (2) of those immediately adjacent thereto, either in the rear thereof or on either side thereof, extending one hundred feet (100') therefrom, or (3) of those directly opposite thereto, extending one hundred feet (100') from the street frontage of such opposite lots, then

## EXCERPTS FROM TOWN OF MONTREAT ZONING ORDINANCE

such amendment shall not become effective except by favorable vote of three-fourths of all members of the Board of Commissioners.

- 5) Following final action by the Board of Commissioners, the Zoning Official shall make any necessary changes in the Zoning Map and shall maintain a written record of the type and date of such changes. Action by the Board of Commissioners shall be considered official seven (7) days after the date the change was accepted by the Board of Commissioners, even if the Zoning Official has failed to make the appropriate changes.
- 6) The Board of Commissioners shall not reconsider a proposed change to the Official Zoning Map if such change is for the same property or portion thereof, for a period of one (1) year from the date of final determination of the prior request. This waiting period may be waived by a three-fourths vote of the Board of Commissioners if it determines that there may have been substantial changes in conditions or circumstances which may relate to the request.

Board members present: Mayor Tim Helms  
Mayor Pro Tem Kitty Fouche  
Commissioner Bill Gilliland  
Commissioner Kent Otto  
Commissioner Mary Standaert  
Commissioner Ann Vinson

Board members absent: None

Town staff present: Alex Carmichael, Town Administrator  
Angie Murphy, Town Clerk  
Dave Arrant, Police Chief

Approximately 6 members of the public were also present. Mayor Helms called the meeting to order at 7:04 p.m., led the group in reciting the Pledge of Allegiance, and held a moment of silence.

**Agenda Approval**

Commissioner Vinson moved to adopt the agenda as presented. Commissioner Gilliland seconded and the motion carried 5/0.

**Presentations and Reports**

Mr. Carmichael stated that there would be informational reports only in the agenda packet for the Powell Bill and the Board of Elections. Mr. Carmichael advised that the State requires municipalities in North Carolina to report how much they are spending on roads. They input this figure into a rather complicated formula that decides how much money the Town gets from gas taxes for use on our roads. The Board of Elections document is the certification from the most recent municipal election.

**Mayor's Communications**

Mayor Helms stated that he had no communications this evening.

**Consent Agenda Review**

The proposed Consent Agenda will include the following items:

- November 2, 2017, Town Council Agenda Meeting Minutes
- November 9, 2017, Town Council Public Forum Minutes
- November 9, 2017, Town Council Meeting Minutes

**Town Administrator's Communications**

- Mr. Carmichael noted that Public Works are prepared for the upcoming anticipated snowfall.
- Mr. Carmichael also stated that New Year's Day needed to be added to the list of office closures under the meeting dates.

Commissioner Standaert recommended adding a discussion on the proposed changes to the Metropolitan Sewerage District (MSD). This would need to be voted on by the new Board but MSD needs an answer by December 20<sup>th</sup>. Mr. Carmichael further explained that the Metropolitan Sewerage District is considering expanding to take in a much smaller agency that serves northern Henderson County. This is logistically very feasible but if MSD were to expand into Henderson County that county would get 3 seats on the Board which would be 20% of the vote. Mr. Carmichael stated that Montreat's representative, Matt Ashley, could be present at next week's meeting to give some further information to the Board and answer any questions that may arise. Commissioner Standaert moved to add this item under New Business and Commissioner Vinson seconded the motion. The motion carried 5/0.

Commissioner Standaert also advised that she wanted an update on the house being constructed behind the ball field. She would like to know if the permits are still active. Mr. Carmichael stated that he would definitely do the research but that to his knowledge there has been no activity at this site since he's tenure began in February. Commissioner Standaert stated that this was the last permit pulled before the Steep Slopes Ordinance went into effect.

**Administrative Reports**

The Board will hear administrative reports as written with the ability to ask questions from the Police Chief, Public Works Director, Finance Officer during next week's Town Council Meeting.

**Public Comments**

Mayor Helms reiterated that this Public Comment period was intended for remarks pertaining to items listed on the meeting agenda, including staff reports and communications.

There were no comments at this time.

**Old Business**

- A. Discussion of Montreat Physical Addressing As It Pertains to Services: Commissioner Standaert asked for this item to be placed on the Agenda because she feels that it is the most important item to be discussed. She is using it as a placeholder for more discussion from the Community. Commissioner Standaert feels that this all boils down to the question of "what is my legal address?". Commissioner Otto stated he was leaning towards removing this item

from the Agenda next week due to the heaviness of the Agenda and the fact that this matter was discussed in November.

- B. Outgoing Commissioner Reports: Commissioner Vinson and Commissioner Standaert will be given an opportunity to provide a final report.

### **Organizational Meeting**

- A. Recognition of Boards and Committee Members: Mayor Helms will recognize those who served Montreat in the past year.
- B. Recognition of Off-going Commission Members: Mayor Helms will recognize Commissioner Vinson and Commissioner Standaert.
- C. Swearing in of New Members: Mayor Helms will administer the Oath of Office for Commissioner Otto, Commissioner Lentz and Commissioner Widmer.
- D. Election of Mayor Pro Tem: The Council will vote on a Mayor Pro Tem.
- E. Swearing in of Mayor Pro Tem: Mayor Helms will administer the Oath of Office for the Mayor Pro Tem.

### **New Business**

- A. Appointment of Eleanor James to Board of Adjustment: Council will vote on appointing Eleanor James as an alternate member to the Board of Adjustment with an expiration date of January 31, 2020.
- B. Appointment of Rusty Frank to Tree Board: Council will vote on appointing Rusty Frank to the Tree Board to fulfill an unexpired term that ends on January 31, 2019.
- C. Appointment of Ann Vinson to Tree Board: Council will vote on appointing Ann Vinson to the Tree Board to fulfill an unexpired term that ends on January 31, 2019.
- D. Oath of Office for Zoning Official – Adrienne Isenhower: Town Clerk Angie Murphy will administer the Oath of Office for Adrienne Isenhower. Commissioner Standaert questioned why we were administering the Oath of Office for a contract employee. Mr. Carmichael stated that our Zoning Ordinance requires the Zoning Official to take the Oath of Office. Commissioner Standaert asked if the cost of living increase would apply to the Zoning Official. Mr. Carmichael stated that since Ms. Isenhower is an employee of Land of Sky rather than the Town of Montreat she would not be eligible for the cost of living increase or longevity bonus.

**Montreat Board of Commissioners  
Town Council Agenda Meeting Minutes  
December 7, 2017**

---

- E. Oath of Office for Finance Officer – Erin Marie Wheeler: Town Clerk Angie Murphy will administer the Oath of Office for Erin Marie Wheeler. Commissioner Standaert asked if the longevity bonus would apply to Ms. Wheeler and Mr. Carmichael stated that he would review the personnel policy and advise at next week's meeting.
- F. Public Hearing to Rezone Well Site 4: Council will move to call for a Public Hearing on January 11, 2018 to consider rezoning the area around Well Site 4 from Conservation Zoning District to Institutional Zoning District.
- G. Annual Calendar and Budget Calendar: Council will move to adopt the 2018 Town of Montreat Board of Commissioners Meeting Calendar and Town of Montreat FY 2018-2019 Budget Adoption Calendar as presented.
- H. De-annexation Request to Black Mountain: Mr. Carmichael stated that there was a letter included in the packet for the Mayor to sign on behalf of the Council to be sent to the Mayor of Black Mountain and the Board of Alderman of Black Mountain to request a joint resolution calling for the North Carolina General Assembly to de-annex and annex some property. In North Carolina municipalities are able to annex property they own locally. Adversely no municipality can de-annex property on their own. Mr. Carmichael stated that there are four parcels which represent 2.22 acres which the Town of Montreat wants to annex into the municipal boundaries of Montreat. The General Assembly will both annex and de-annex the property at the same time. Mr. Carmichael has been in contact with the Town Manager of Black Mountain, Matt Settlemyer, and they both feel it will be approved by the Board of Alderman. Commissioner Otto asked how quickly this matter would get before the General Assembly and how quickly they would act on the matter. Mr. Carmichael stated that if the Commission approves this letter he and Mayor Helms will attend Black Mountain's meeting on January 8<sup>th</sup> and present it to the Aldermen. The North Carolina General Assembly goes back into special session on January 11<sup>th</sup>. There have been some preliminary discussions with our State Representatives who have responded positively to the conversations. Mr. Carmichael advised that as long as there is no controversy the de-annexation should pass rather smoothly. Mr. Carmichael stated that it was anybody's guess to how long the process will take in the Assembly because it is all based on prioritization. Commissioner Vinson asked if, as Commissioners or even Citizens, they should write to our delegates in support of this pending legislation. Mr. Carmichael stated that the letter which will be presented to the NC General Assembly will include both the Commissioner's and Aldermen's names but as citizens writing in it could be very helpful.
- I. Establishment of a Capital Projects Fund and Budget Amendments: There will be two suggested motions associated with this item. A motion to authorize the establishment of a Capital Projects Fund and two Budget Amendments to authorize appropriation of money.

- J. Metropolitan Sewerage District Discussion: Representative Matt Ashley will be available to answer any questions the Council has on proposed changes to MSD.

**Public Comments-Other Topics**

Mayor Helms reiterated that the Public Comment period were for remarks pertaining to public business items not listed on the meeting agenda, including any reports or communications from other community entities.

There were no public comments at this time.

**Commissioner Communications**

Commissioner Vinson stated that at yesterday's Landcare Meeting the subject of bear boxes arose. Commissioner Vinson emphasized the importance of making sure the bear boxes are indeed "bear proof" and keeping the boxes repaired. The bear boxes in front of Anderson Auditorium are not serviced by the Town of Montreat so the refuse just sits in the box until Housekeeping has a chance to empty the box. Commissioner Vinson reminded those in attendance that the Town operates a "pay as you throw" service out of the Town Services Building as well as the weekly pickup.

Commissioner Standaert feels that Montreat is more than a holding place for Highland Farms.

Mr. Kirkland stated that there are 150 more students on campus which have created some interesting challenges for the College. One of the most pressing challenges is parking. The Leadership Team is meeting Monday to discuss the challenges they are facing with continued growth of Montreat College. Mr. Kirkland acknowledged that policies and procedures need to be revisited to accommodate the growing enrollment. Commissioner Standaert asked what Mr. Kirkland's thoughts were on year round programming on the Montreat Campus. **Agenda Approval**

Commissioner Otto moved to remove item “A” under New Business: Discussion of Montreat Physical Addressing As It Pertains To Services. Mayor Pro Tem Fouche seconded the motion. Commissioner Otto felt that this was discussed at length last month and as of right now there is no new information to report. Commissioner Otto stated this was an important matter but due to the heaviness of tonight’s agenda it would be better suited for 2018. Commissioner Standaert stated that she was surprised because she felt this item was the most important on the agenda especially due to the large number in attendance this evening. Commissioner Standaert also stated that she had new information to report on this matter. Commissioner Standaert felt that the subject of “what is our legal address” was an important item needing a joint effort between the community and Council to rectify. The motion carried 3/2 with Commissioner Standaert and Commissioner Vinson voting in opposition. Mayor Pro Tem Fouche moved to adopt the agenda as amended. Commissioner Otto seconded and the motion carried 4/0 with Commissioner Standaert voting in opposition.

**Presentations and Reports (written reports only)**

Mr. Carmichael stated that the Powell Bill Report and the Board of Elections Certification were included in the packet to make them available to the community.

**Mayor's Communications**

Mayor Helms stated that he hoped to be able to sign the closing documents for the "Creek Side" Property on the following Monday or Tuesday.

**Consent Agenda Review**

The proposed Consent Agenda will include the following items:

- November 2, 2017, Town Council Agenda Meeting Minutes
- November 9, 2017, Town Council Public Forum Minutes
- November 9, 2017, Town Council Meeting Minutes

**Town Administrator's Communications**

- Mr. Carmichael provided an update on the property owned by Ms. Gant on Texas Road at the request of Commissioner Standaert. The original permit was pulled in 2009 and the last permit application was in September 2016.
- Mr. Carmichael mentioned that Erin Marie Wheeler, Interim Finance Officer, and Adrienne Isenhower, Zoning Official, were in attendance to be sworn into office later in the meeting.
- Mr. Carmichael was also pleased to announce that a letter of offer has been extended and accepted by Jared McIntosh for the Senior Water Operator position. The Town still needs a Full Time Patrol Officer to be fully staffed.
- Mr. Carmichael announced that Barry Creasman and Michael Harrison were near Greensboro preparing to become Certified Arborists. This certification would allow in-house tree removal which would greatly help the Town's budget.
- Mr. Carmichael stated that Chief Arrant was also doing some continuing education at the NC Justice Academy in Edneyville.
- Mr. Carmichael advised that earlier on this day he attended the Asheville Area Housing Consortium. The Housing Consortium is a regional board that reviews applications for Federal HUD dollars. Mr. Carmichael looks forward to working with the board.
- Mr. Carmichael thanked those who had come by the Town Services with Christmas goodies. The staff appreciates the kind gestures.

Mayor Helms further explained that the Senior Water Operator position was not a new position but Barry Creasman's previously held position.

Commissioner Standaert stated that the aforementioned house on Texas Road was the last permit pulled before the Steep Slopes Ordinance went into effect. This home is still under construction even though very little has been accomplished in the past 8-9 years. Commissioner Standaert encouraged the new Council to look into this matter.

Commissioner Standaert asked where the Town stands with the sale of the Florida Terrace Property. Mr. Carmichael stated that nothing has transpired since the last time he updated the Commission about this matter. Mr. Carmichael stated that the property needs to be recombined into two lots and then move forward with putting it up for sale. Mr. Carmichael does not have a timeline in front of him to advise when these steps will progress further.

### **Administrative Reports**

Police Chief: Reports were in written form as requested by Council.

Public Works Director: Reports were in written form as requested by Council

### **Public Comments**

Mayor Helms reiterated that this Public Comment period was intended for remarks pertaining to items listed on the meeting agenda, including staff reports and communications.

Eric Nichols of 527 Suwannee Drive asked those in attendance to take a look at Ms. Gant's house near the ball field. Ordinances are put in place for a reason and this is an example of why they are necessary. Ordinances properly orchestrated have a purpose. Ms. Gant's house was started prior to the Steep Slopes Ordinance and the whole front right corner is nothing but air. Mr. Nichols then gave a concession speech for his wife Grace Nichols. Mr. Nichols said thank you very much on behalf of his wife.

### **Old Business**

- A. Outgoing Commissioners Reports: Commissioner Vinson reported on several items that arose in the Landcare Meeting. The bear boxes near Anderson Auditorium are not serviced by the Town and any refuse that is put in these boxes just sits until MRA Housekeeping has a chance to empty them. Commissioner Vinson reminded those in attendance that there is a pay-as-you-throw service in the Town Services Building to help alleviate any extra trash. Commissioner Vinson also suggested servicing the bear proof containers to make sure the latches are truly bear proof. The other item was safe alternatives for Round Up. Commissioner Vinson had several handouts on Firewise, the Round Up article and information about utilizing Montreat College students for babysitting or small jobs around the house. Commissioner Vinson stated that come spring the Tree Board will start inventorying the trees on Assembly Drive. By the end of the inventory the Tree Board will have the Town Tree Management Plan in place. Commissioner Vinson then thanked everyone she worked with on the Tree Board and the Open Spaces Conservation Committee. Commissioner Vinson thanked the community for allowing her to serve the past four years.

Commissioner Standaert reiterated her good wishes and congratulations for the incoming

Council Members. Commissioner Standaert stated that she was grateful for serving Montreat the past eight years.

**Organizational Meeting**

- A. Recognition of Boards and Committee Members: Mayor Helms recognized all those that served on the Tree Board, the Audit Committee, the Open Spaces Conservation Committee, Landcare, Board of Adjustments and Planning and Zoning. Mayor Helms also recognized Matt Ashley who served as our representative to the Metropolitan Sewerage District Board.
- B. Recognition of Off-going Commission Members: Mayor Helms recognized Ann Vinson and presented her with a plaque. Mayor Helms recognized Mary Standaert and presented her with a plaque as well.
- C. Swearing in of New Commission Members: Alice Lentz, accompanied by her aunt, Lucy Dusthimer, was sworn in as Commissioner of the Town of Montreat. Tom Widmer, accompanied by his wife, Katie, was sworn in as Commissioner of the Town of Montreat. Kent Otto, accompanied by his wife, Nickie, was sworn in as Commissioner of the Town of Montreat.

Commissioner Lentz thanked everyone and looks forward to working with everyone in the future. Commissioner Lentz thanked her aunt Lucy Dusthimer who held a Bible during the oath of office that belonged to Commissioner Lentz' great-grandfather, Marcus Addison Boggs, who started renting a house on Assembly Drive in 1916.

Commissioner Widmer stated that he will endeavor to remember that this job is about the people and the Town of Montreat rather than himself. Commissioner Widmer also thanked those for giving him this opportunity to serve.

Commissioner Otto thanked those in attendance for allowing him to serve the past two years and he looked forward to the next four years.

- D. Election of Mayor Pro-Tem: Commissioner Fouche nominated Commissioner Otto for the position of Mayor Pro-Tem. Commissioner Bill Gilliland seconded and the motion carried 5/0.
- E. Swearing in of Mayor Pro-Tem: Mayor Tim Helms administered the Oath of Office for Mayor Pro-Tem to Commissioner Kent Otto.

**New Business**

- A. Appointment of Eleanor James to Board of Adjustment: Mayor Pro-Tem Otto moved to appoint Eleanor James as an alternate member to the Board of Adjustment to expire on January 31, 2020. Commissioner Fouche seconded and the motion carried 5/0.

**Montreat Board of Commissioners  
Town Council Meeting Minutes  
December 14, 2017**

---

- B. Appointment of Rusty Frank to Tree Board: Commissioner Widmer moved to appoint Rusty Frank to the Tree Board to fulfill an unexpired term that ends on January 31, 2019. Mayor Pro-Tem Otto seconded and the motion carried 5/0.
- C. Appointment of Ann Vinson to Tree Board: Commissioner Lentz moved to appoint Ann Vinson to the Tree Board to fulfill an unexpired term that ends on January 31, 2019. Commissioner Tom Widmer seconded and the motion carried 5/0.
- D. Oath of Office for Zoning Official – Adrienne Isenhower: Town Clerk Angie Murphy administered the Oath of Office to Adrienne Isenhower.
- E. Oath of Office for Finance Officer – Erin Marie Wheeler: Town Clerk Angie Murphy administered the Oath of Office to Erin Marie Wheeler.
- F. Discussion on Town Position on Metropolitan Sewerage District with possible action: Matt Ashley gave a brief synopsis of the proposed changes to the Metropolitan Sewerage District (MSD). MSD has been asked if they will accept, within a merge, Cane Creek Water and Sewerage District which is in Henderson County. The logistical part of this merger is rather straight forward but the political ramifications are little more problematic. The bill in front of MSD requires Henderson County to have 3 seats on the current 12 seat board. MSD already treats the million and a half gallons of water from Cane Creek each day. This merger will lower the tax rate for individuals in this district and it will also prevent them from having to build a processing facility. At last month's MSD meeting there was a split vote on this matter. Mr. Ashley stated that Buncombe County has 3 representatives, the City of Asheville has 3 representatives and Montreat, Biltmore Forest, Woodfin and Weaverville each have 1 representative. At the meeting this upcoming Wednesday Mr. Ashley predicts a lengthy discussion of this matter but he welcomes any input from the Council as he prepares to cast his vote. Mr. Ashley stated that Henderson County originally asked for more seats on the board but they are settling for 3 seats. Mr. Ashley stated that at the November meeting there was a split vote of 5/4 to disapprove the motion. Mr. Ashley felt this was a great opportunity to take the topic back to the areas that MSD serves. Mr. Ashley also took the time to speak with other Committee members to see what reservations they had regarding the matter. Mr. Carmichael stated that the MSD Board is meeting on December 20<sup>th</sup> and tonight would be the best night for the Montreat Town Council to voice their opinion. The Commission felt comfortable trusting Mr. Ashley to cast his vote on behalf of the Town of Montreat.
- G. Public Hearing to Rezone Well Site 4: Commissioner Fouche moved to call for a Public Hearing on January 11, 2018 to consider rezoning the area around Well Site 4 from Conservation Zoning District to Institutional Zoning District. Commissioner Fouche thanked the Planning and Zoning Committee for moving so quickly on this rezoning. Commissioner Gilliland seconded the motion carried 5/0.

- H. Annual Calendar and Budget Calendar: Commissioner Gilliland moved to adopt the 2018 Town of Montreat Board of Commissioners Meeting Calendar and Town of Montreat FY 2018-2019 Budget Adoption Calendar as presented. Commissioner Lentz seconded and the motion carried 5/0.
- I. De-annexation Request to Black Mountain: Since Mr. Carmichael began in Montreat and started researching the “Creek Side” Property for the new Town Hall it became apparent to him that the lot was outside the municipal boundaries of Montreat. While we would not be the only municipality with a Town Hall outside the municipal boundaries it would complicate things like police and water services. Mr. Carmichael broached the subject of de-annexation with the previous Council as well as the Black Mountain Board of Aldermen. The simplest route to address this issue is to request de-annexation from Black Mountain to annex into the Town of Montreat. Mr. Carmichael drafted a letter and joint resolution to present to the Black Mountain Board of Aldermen at their January meeting. Mr. Carmichael and Black Mountain Town Manager Matt Settlemyer have been in ongoing discussions about this and Mr. Settlemyer feels confident his Board will vote in the affirmative. Commissioner Fouche moved to authorize the Mayor to sign a letter on behalf of the Board of Commissioners and approve joint resolution 17-12-02 RESOLUTION TO CALL ON THE NORTH CAROLINA GENERAL ASSEMBLY TO MODIFY THE MUNICIPAL BOUNDARIES OF THE TOWNS OF BLACK MOUNTAIN AND MONTREAT. Commissioner Gilliland seconded and the motion carried 5/0.
- J. Establishment of a Capital Projects Fund and Budget Amendments: Mr. Carmichael stated that the new operating budget does not close exactly on July 1<sup>st</sup> of each fiscal year. Mr. Carmichael is asking to renew the authorization of funds for the “Creek Side” Lot and to move all the money into a Capital Projects Fund. Commissioner Fouche moved to authorize the establishment of a Capital Projects Fund. Commissioner Widmer seconded and the motion carried 5/0. Commissioner Fouche moved to authorize Budget Amendment #1 to appropriate \$125,000 from the General Fund Reserve to Public Buildings – Capital Outlay, and to authorize Budget Amendment #2, interfund transfer of \$525,000 from Public Buildings – Capital Outlay to the Capital Projects Fund for the purchase of land, construction of a Town Hall and construction of a Public Works Building. Commissioner Gilliland seconded and the motion carried 5/0.

### **Public Comments-Other Topics**

Mayor Helms reiterated that the Public Comment period were for remarks pertaining to public business items not listed on the meeting agenda, including any reports or communications from other community entities.

Mr. Tom Frist of 98 Frist Road appreciated that the Council did not have time to discuss the address issue this evening but would like for it to be readdressed early next year. Mr. Frist also thanked Mary Standaert for all her hard work on this matter.

Mr. Emory Underwood of 120 John Knox Road feels that there is a problem with the old GIS software that someone could go into and correct.

Mrs. Mary Standaert of 118 Shenandoah Terrace stated the central issue here is “what is the legal address”. Mrs. Standaert stated that by 2020 everyone will be required to get a new drivers license to get in federal buildings or do commercial airfare and one of the documents you can show is your voter registration card. If she took her voter registration card there now it would not work because the address on that card currently shows Black Mountain. Mrs. Standaert does not feel this is the responsibility of the Council and as one of her last acts as Commissioner she penned a letter to the Buncombe County Board of Commissioners. She hopes to address them at their January meeting as a private citizen. Mrs. Standaert would like to see the Montreat Town Council address it at their January meeting.

### **Commissioner Communications**

Commissioner Gilliland thanked Ann Vinson and Mary Standaert for their hard work over the last two years he served with them. He stated they were thorough and diligent and it is not an easy job to undertake.

Mayor Pro Tem Otto noted the progress of the Black Mountain sidewalk project which is edging closer to Montreat. He also pointed out that broken telephone pole which was mentioned at a previous meeting was fixed just this afternoon. Mayor Pro Tem Otto felt that utilizing the College students in any way possible for service projects was a wonderful idea. Mayor Pro Tem Otto thanked Ann Vinson and Mary Standaert for their service on the Board.

Commissioner Fouche thanked Mrs. Vinson and Mrs. Standaert for their sacrifice to the Community.

### **Upcoming Meeting Dates**

Mayor Helms reviewed the following list of upcoming meeting dates and deadlines:

The property on Florida Terrace currently has the following lot dimensions:

183.20 feet- Frontage facing Florida Terrace  
185.59 feet – Frontage facing Arkansas Terrace  
171.28 – North Side Yard  
192.10 – South Side Yard

The area of the lot is 0.776 acres which equates to approximately 33,803 square feet.

If you divide property so that one lot faces Arkansas Terrace and one lot faces Florida Terrace, the lot dimensions would be as follows:

Parcel #1: Lot width = 183.20 feet North Side Yard = 86 feet (approx.) South Side Yard = 97 feet (approx.) Rear Yard = 184.4 feet (approx.) Total Square Footage = 16,763 (Approx.) Lot Depth = Approx. 90.8 feet	Parcel #2: Lot Width = 185.59 North Side Yard = 86 feet (approx.) South Side Yard = 97 feet (approx.) Rear Yard = 184.4 feet (approx.) Total Square Footage = 16,982 (approx.) Lot Depth = Approx. 90.8 feet
--	---

Lot Depth does NOT meet zoning ordinance requirements of 100 feet or more

If you divide the property for dual road frontage on Florida Terrace and Arkansas Terrace:

Parcel #1: Lot Width = 91.26 feet (approx.) North Side Yard = 171.28 feet South Side Yard = 181 feet (approx.) Rear Yard = 92.8 (approx.) Total Square Footage = 16,225 (approx.) Lot Depth = 171.28	Parcel #2: Lot Width = 91.26 feet (approx.) North Side Yard = 181 feet (approx.) South Side Yard = 192.10 feet Rear Yard = 92.8 (approx.) Total Square Footage = 17,168 (approx.) Lot Depth = 192.10
---	---

*Note:* Does not meet lot width only if developed as multi-family
