309.45 The Board of Commissioners shall not reconsider a proposed change to the Official Zoning Map if such change is for the same property or portion thereof, for a period of one (1) year from the date of final determination of the prior request. This waiting period may be waived by a three-fourths vote of the Board of Commissioners if it determines that there may have been substantial changes in conditions or circumstances which may relate to the request.

### 310 **ZONING BOARD OF ADJUSTMENT.**

Any appeal from a decision of the Board of Adjustment shall be made in accordance with N.C.G.S. Section 160D-1402.

310.2 **COMPOSITION.** The Zoning Board of Adjustment shall be composed of seven members selected by the Board of Commissioners for matters within the Town of Montreat and for extra-territorial jurisdiction (ETJ) matters. The seven-member Board of Adjustment shall be composed of six members residing in the Town of Montreat, and one member residing in the ETJ of the Town of Montreat. Two alternate members who reside in the Town of Montreat shall also be selected by the Town Board of Commissioners. Members shall serve a term of three years. No member shall serve more than two consecutive terms. When a vacancy occurs on the Board of Adjustment for the member representing the ETJ, the Town shall notify the applicable Board of County Commissioners and request a nomination within 90 days. The Town Board of Commissioners shall appoint the person who is so nominated; or if no nomination is made during that period, the Town Board of Commissioners shall fill the vacancy.

310.3 **PROCEEDINGS.** The Zoning Board of Adjustment shall elect a chair and a vice-chair from its members who shall serve for one (1) year or until reelected or until their successors are elected. The Board of Adjustment shall appoint a secretary. The Board of Adjustment shall adopt rules of procedure in accordance with the provisions

The chair, the vice-chair, or the clerk to the Board of Adjustment may administer oaths according to the procedures adopted in the rules of procedure of the Board of Adjustment. All meetings of the Board of Adjustment shall be open to the public.

310.4 **POWERS AND DUTIES.** The Zoning Board of Adjustment shall have the following powers and duties:

310.41 **APPEALS.** All questions arising in connection with the enforcement of the Ordinance shall be presented first to the Zoning Administrator and such questions shall be presented to the Board of Adjustment only on appeal from the decision of the Zoning Administrator. A decision of the Zoning Administrator, as used in this section, refers to any final binding order, requirement, or determination made with respect to application of the Montreat Zoning Ordinance. The appeal shall proceed in accordance with N.C.G.S. §160D-405, Section 310.5 and the following procedures:

- (A) Written notice of a determination by the Zoning Administrator shall be given to the owner of the property that is subject to the determination and to the party who sought the determination (if different from the owner). The written notice shall be delivered by personal delivery, electronic mail, or by first-class mail. Constructive notice to all persons with standing to appeal the determination may be provided by posting a sign on the affected property for at least ten (10) days in accordance with the procedures established in N.C.G.S. 160D-403.
- (B) Any person who has standing under N.C.G.S. 160D-1402(c) or the Town may appeal a determination by the Zoning Administrator to the Board of Adjustment by filing a notice of appeal with the Town Clerk in accordance with Section 310.51 and Section 310.52. The notice of appeal shall state the grounds for the appeal.
- (C) The owner or other party shall have thirty (30) days from receipt of the written notice of determination within which to file an appeal. Any other person with standing to appeal shall have thirty (30) days from receipt of actual or constructive notice of the decision within which to file an appeal.
- (D) An appeal of a Notice of Violation or other enforcement order stays enforcement of the action appealed from, unless the Zoning

Administrator certifies to the Board of Adjustment, after notice of appeal has been filed, that by reason of the facts stated in an affidavit, a stay would cause imminent peril to life or property or because the violation is transitory in nature, a stay would seriously interfere with enforcement of the Ordinance. In that case, enforcement proceedings shall not be stayed except by a restraining order, which may be granted by a court. If enforcement proceedings are not stayed, the appellant may file with the Zoning Administrator a request for an expedited hearing of the appeal, and the Board of Adjustment shall meet to hear the appeal within fifteen (15) days after such a request is filed. Notwithstanding the foregoing, appeals of decisions granting a permit or otherwise affirming that a proposed Use of property is consistent with the ordinance shall not stay further review of an application for Development Approval to use such property; in these situations the appellant may request and the Board of Adjustment may grant a stay of a final decision of permit applications or building permits affected by the issue being appealed.

- (E) The official who made the decision shall be present at the hearing as a witness. The appellant shall not be limited at the hearing to matters stated in the notice of appeal. If any party or the Town would be unduly prejudiced by the presentation of matters not presented in the notice of appeal, the Board shall continue the hearing.
- (F) When hearing an appeal pursuant to N.C.G.S. Section 160D-947(e) or any other appeal in the nature of certiorari, the hearing shall be based on the record and the scope of review shall be as provided in N.C.G.S. Section 160D-1402(j).
- (G) The parties to an appeal that has been made under this subsection may agree to mediation or other forms of alternative dispute resolution in accordance with standards and procedures established and approved by the Board.

In exercising the above powers, the Board of Adjustment may, in conformity with the provisions of G.S. 160D-406, reverse or affirm wholly or in part, or may modify the decision appealed from and shall make any order, requirements, decision or determination and to that end, shall have all of the powers of the Zoning Administrator.

310.42 **VARIANCE.** When unnecessary hardships would result from carrying out the strict letter of this Ordinance, the Board of Adjustment shall grant a Variance upon showing of all the following:

- (A) Unnecessary hardship would result from the strict application of the Ordinance. It shall not be necessary to demonstrate that, in the absence of the Variance, no reasonable use can be made of the property.
- (B) The hardship results from conditions that are peculiar to the property, such as location, size, or topography. Hardships resulting from personal circumstances, as well as hardships resulting from conditions that are common to the neighborhood or the general public, may not be the basis for granting a Variance
- (C) The hardship did not result from actions taken by the applicant or the property owner. The act of purchasing property with knowledge that circumstances exist that may justify the granting of a Variance shall not be regarded as a self-created hardship.
- (D) The Variance is consistent with the spirit, purpose and intent of the Ordinance such that public safety is secured and substantial justice is achieved.
- (E) The Variance requested is the minimum Variance that will make possible the requested Use of the land, Building or Structure.
- (F) The Variance is not a request to permit a Use of land, Building or Structure which is not permitted in the applicable Zoning District .

The existence of a Non-Conforming Use of neighboring land, Building or Structures in the same Zoning District or of permitted or non-conforming Use in other Zoning Districts shall not constitute a reason for granting the requested Variance. In granting a Variance, the Board of Adjustment shall make written findings that all of the requirements listed above have been met. If a Variance is granted it shall be the least possible deviation from the requirements of this Ordinance. In granting any Variance, the Board of Adjustment may prescribe appropriate conditions and safeguards in conformity with this Ordinance. Violations of the provisions of the Variance granted, including any conditions or safeguards, which are a part of the grant of the Variance, shall be deemed a violation of this Ordinance. The Board of Adjustment may hear appeals to grant a Variance arising out of any other ordinance that regulates land use or development. The ordinance(s)

shall also provide consistent, clearly defined standards to establish findings through the Variance process as outlined in this section.

310.43 **SPECIAL USE PERMITS.** It shall be the duty of the Board of Adjustment to hear requests for Special Use Permits and grant said permits in accordance with the guidelines set forth by this Ordinance (see Section 310.6).

310.5 **APPEALS AND VARIANCE PROCEDURES.** The Board of Adjustment shall hear and decide appeals from any decision or determination made by the Zoning Administrator and all requests for Variances.

310.51 **FILING APPEALS AND APPLICATIONS.** All appeals and applications for Variance shall be filed with the Town Clerk, who shall refer such applications to the Board of Adjustment when all required materials have been submitted. All appeals and applications shall be made on the forms provided by the Town for that purpose. All information required on the form shall be completed and all required materials shall be submitted before an appeal or application shall be considered as having been filed. When the completed appeal or application has been filed with the Town Clerk, the Zoning Administrator shall immediately notify the Chair of the Board of Adjustment that such appeal or application has been filed.

310.52 **REQUIRED MATERIALS.** All appeals or applications for a Variance shall be filed together with the following materials:

- (A) A neatly drawn map of the property which is the subject of the appeal or variance, drawn to scale and showing the location of any Building and other improvement located on the property and showing any adjoining road;
- (B) If the appeal or Variance concerns the elevation of a Building, a drawing showing the elevation of all Buildings and improvements located on the property which is the subject of the appeal or application for a Variance;
- (C) A copy of the deed for the property which is the subject of the appeal or application for a Variance, a copy of the plat showing such property if one exists, and any contract to purchase or other relevant document; and
- (D) A fee set by the Town Board of Commissioners, with recommendations from the Board of Adjustment, which becomes nonrefundable when the Zoning Administrator gives notice to the Chair of the Board of Adjustment that the completed appeal or application has been filed; and any other materials reasonably required by the Chair of the Board of Adjustment.

310.53 **TIME OF HEARING.** The Chairperson will set the date of hearing in accordance with an annual schedule published in January, maintained by the Clerk to the Board of Adjustment. This schedule will be made available

to the Zoning Administrator in order that he/she may inform applicants of the current schedule. All cases shall be heard within a reasonable time.

310.54 **NOTICE OF HEARING.** The Board of Adjustment shall mail a notice of hearing (i) to the party whose appeal, application, or request is the subject of the hearing; (ii) to the owner of the property that is the subject of the hearing; (iii) to the owners of all parcels of land within 250' of the land that is the subject of the hearing; and (iv) to any other persons entitled to receive notice under this Ordinance. The notice of hearing must be deposited in the mail at least 10 days, but not more than 25 days, prior to the date of the hearing. The Town shall also prominently post a notice of the hearing on the property that is the subject of the hearing or on an adjacent Street Right-of-Way at least 10 days, but not more than 25 days, prior to the date of the hearing.

310.55 **SUBPOENAS.** The Board of Adjustment may subpoena witnesses and compel the production of evidence through the chair or acting chair. To request issuance of a subpoena, the applicant, Town and persons with standing (N.C.G.S. 160D-1402(c)) may make a written request to the chair explaining why it is necessary for certain witnesses or evidence to be compelled. The chair shall issue requested subpoenas s/he determines to be relevant, reasonable in nature and scope, and not oppressive. The chair shall rule on any motion to quash or modify a subpoena. Decisions regarding subpoenas made by the chair may be appealed to the full Board of Adjustment. If a person fails or refuses to obey a subpoena issued pursuant to this subsection, the Board of Adjustment or the party seeking the subpoena may apply to the General Court of Justice for an order requiring that its subpoena be obeyed, and the court shall have jurisdiction to issue these orders after notice to the proper parties.

310.56 **VARIANCE LIMITED TO TWELVE MONTHS.** Any Variance granted by the Board of Adjustment must be acted upon within 12 (twelve) months or it shall become null and void. The Board of Adjustment may grant one six-month extension of a Variance if so requested by the applicant.

310.57 **DECISION OF THE ZONING BOARD OF ADJUSTMENT.** The concurring vote of four-fifths of the members of the Board of Adjustment shall be necessary to grant a Variance of any provision of this Ordinance. A majority of the members is required to decide any other quasi-judicial matter or to determine an appeal made in the nature of certiorari. The Board of Adjustment shall determine contested facts, make decisions within a reasonable time, and base quasi-judicial decisions on competent, material and substantial evidence in the record. Quasi-judicial decisions of the Board shall be in writing and shall reflect the Board's determination of contested facts and their application to standards found in this Ordinance. A quasi-judicial decision is effective upon

filing the written decision with the Clerk to the Board. The decision of the Board shall be delivered by personal delivery, electronic mail, or first-class mail to the applicant, the property owner, and any person who has submitted a written request for a copy, prior to the date the decision becomes effective.

310.6 **REGULATIONS FOR SPECIAL USE PERMITS.** The issuance of Special Use Permits is subject to the requirements of this Section 310.6. Special Uses are subject to the standards or conditions designated with a “S” in the Table of Permitted Uses, Section 512. The development standards listed herein are additional to other requirements in this Ordinance. These development standards are Use specific and apply to those Uses requiring approval of a Special Use (designated with a ‘S’ in the Table of Permitted Uses, Section 500). Such Uses shall be subject to these standards as well as any additional standards or conditions required by the Special Use Permit.

310.61 **OBJECTIVES AND PURPOSE.** Permitted Special Uses add flexibility to the Zoning Ordinance. Subject to good planning and design standards, certain Uses of property are allowed in specified Districts where those Uses would not otherwise be acceptable. By means of controls exercised through the Special Use Permit procedures, Uses of property, which would otherwise be undesirable in certain Districts, can be developed to minimize any harmful effects they might have on surrounding properties.

The Uses for which Special Use Permits are required are listed in the Table of Permitted Uses.

310.62 **PROCEDURES FOR SPECIAL USE PERMITS APPROVED BY THE BOARD OF ADJUSTMENT.** A Special Use Permit may be issued by the Zoning Administrator after approval by the Board of Adjustment for the Uses as designated in the Table of Permitted Uses, Section 500. All applications for Special Use Permits shall be submitted in accordance with application requirements. Once the application has been determined complete, the Zoning Administrator shall forward the application to the Chair of the Board of Adjustment.

The Board of Adjustment shall hold a public hearing prior to rendering a decision on the Special Use Permit, and if approved, shall include approval of such plans as may be required. In approving the permit, the Board of Adjustment shall find:

310.621 That the Use will not materially harm the public health, safety or general welfare if located where proposed and developed according to the plan as submitted and approved;

- 310.622 That the Use meets all the required and applicable development standards and conditions;
- 310.623 That the Use will not substantially injure the value of adjoining or abutting property;
- 310.624 That the location and character of the Use, if developed according to the plan as submitted and approved, will be in harmony with the area in which it is to be located; and
- 310.625 That the Use will be in general conformity with the adopted policies and plans, including the Comprehensive Plan of the Town of Montreat.
- 310.63 **PUBLIC HEARING.** Notice of hearings conducted pursuant to this section shall be mailed to the person or entity whose appeal, application, or request is the subject of the hearing; to the owner of the property that is the subject of the hearing if the owner did not initiate the hearing; to the owners of all parcels of land within 250 feet of the parcel of land that is the subject of the hearing; and to other persons as may be required or necessary. In the absence of evidence to the contrary, the Town may rely on the county tax listing to determine owners of property entitled to mailed notice. The notice must be deposited in the mail at least 10 days, but not more than 25 days, prior to the date of the hearing. Within that same time period, the Town shall also prominently post a notice of the hearing on the site that is the subject of the hearing or on an adjacent Street or highway Right-of-Way.
- 310.631 The Zoning Administrator shall make every reasonable effort to comply with the notice provisions set forth in this Section.
- 310.632 At the conclusion of the public hearing, the Board of Adjustment may proceed to vote on the permit request, refer it to a committee for further study, or take any other action consistent with its usual rules of procedure.
- 310.633 The Board of Adjustment is not required to take final action on a Permit request within any specific period of time, but it should proceed as expeditiously as practicable on permit requests since inordinate delays can result in the applicant incurring unnecessary costs.

310.634 The Board of Adjustment shall approve the requested permit unless it concludes, based upon the information submitted at the hearing, that:

- (1) The requested permit is not within its jurisdiction according to the Table of Permissible Uses; or
- (2) The application is incomplete; or
- (3) If completed as proposed in the application, the development will not comply with one or more requirements of this Ordinance.

310.635 Even if the Board of Adjustment finds that the application complies with all other provisions of this Ordinance, it may still deny the permit if it concludes, based upon the information submitted at the hearing, that if completed as proposed, the development, more probably than not:

- (1) Will materially harm the public health or safety; or
- (2) Will substantially injure the value of adjoining or abutting property; or
- (3) Will not be in harmony with the area in which it is to be located; or
- (4) Will not be in general conformity with the land development plan or other plans officially adopted by the Board of Commissioners.

310.636 The burden of presenting a complete application to the Board of Adjustment shall be upon the applicant. However, unless the Board informs the applicant at the hearing in what way the application is incomplete and offers the applicant an opportunity to complete the application (either at that meeting or at a continuation hearing), the application shall be presumed to be complete. Once a completed application has been submitted, which shall include a presentation by the applicant, if competent, material and substantial evidence that the applicant has complied with the requirements of the ordinance, made a "prima facie" (based on immediate impression) case with respect to Use, specific findings, and is entitled to a permit, the burden of presenting competent, material and substantial evidence "contra" to the application rests with those parties opposed to the application.

311.637 The burden of persuasion on the issue of whether the development, if completed as proposed, will comply with the requirements of this Ordinance remains at all times on the applicant. The burden of persuasion on the issue of whether the

application should be turned down for any of the reasons set forth in Subsection 619.37 rests on the party or parties urging that the requested permit should be denied.

310.64 **DECISION OF THE ZONING BOARD OF ADJUSTMENT.** The concurring vote of a majority of the members of the Board of Adjustment shall be necessary to grant a Special Use Permit. The Board of Adjustment shall determine contested facts, make decisions within a reasonable time, and base quasi-judicial decisions on competent, material and substantial evidence in the record. Quasi-judicial decisions of the Board shall be in writing and shall reflect the Board's determination of contested facts and their application to standards found in this Ordinance. A quasi-judicial decision is effective upon filing the written decision with the Clerk to the Board. The decision of the Board shall be delivered by personal delivery, electronic mail, or first-class mail to the applicant, the property owner, and any person who has submitted a written request for a copy, prior to the date the decision becomes effective.

310.641 If it approves the Special Use Permit, the Board of Adjustment may impose such conditions as will assure that the Use in its proposed location will be harmonious and with the spirit and intent of this Ordinance. All such additional conditions shall be entered in the minutes of the meeting at which the Special Use Permit is granted and also onto the Special Use Permit and on the plans submitted therewith. All conditions shall run with the land and shall be binding on the original applicant for the Special Use Permit, its heirs, successors and assigns. In order to ensure that such conditions and requirements of each Special Use Permit will be fulfilled, the applicant for the Special Use Permit may be required to provide physical improvements required as a basis for the issuance of the Special Use Permit.

310.642 In addition to the specific conditions required and whatever additional conditions the Board of Adjustment deems to be reasonable and appropriate, Special Uses shall comply with the height, Yard, area and parking regulations of the Zoning District in which the property is located.

310.643 If the holder of the Special Use Permit fails to comply with the plans submitted with the application for the Special Use Permit or fails to comply with any conditions of the Special Use Permit, the Board of Adjustment may revoke the Special Use Permit by following the same process as required for approval of the Special Use Permit. See N.C.G.S. Section 160D-403(f).

During the pendency of any such revocation proceedings, the Town and any person(s) operating under a Building Permit(s) shall be subject to the proceedings described in N.C.G.S. 160D-405.

- 310.7 **APPEALS FROM DECISIONS OF THE ZONING BOARD OF ADJUSTMENT.** Every quasi-judicial decision of the Board shall be subject to review by the superior court by proceedings in the nature of certiorari pursuant to N.C.G.S. 160D-1402. Any party with standing under N.C.G.S. 160D-1402 may appeal by filing a petition for review with the Buncombe County Clerk of Superior Court. Appeals shall be filed within the times specified in N.C.G.S. §160D-1405(d).

I: (CZ) Institutional District

Conditional Zoning Districts are Districts that correspond to the zoning Districts which are otherwise applicable. In addition to imposing the standards, restrictions and regulations provided for in the corresponding zoning District applicable to a parcel of property, a Conditional Zoning District may impose additional standards, restrictions and regulations as a condition to and as part of the legislative decision creating the District in exchange for reductions in otherwise applicable Setback and other site specific development standards and requirements of the applicable District.

510.1 **PURPOSE.** Conditional Zoning Districts are primarily intended to allow for the zoning and development of property in accordance with zoning District standards with additional and/or modified standards that enable the Use and development of the subject property in a manner which is better suited to the topography and other unique characteristics of the site and which is also consistent with the character of the Use and development of the neighboring properties.

The review process established in this Ordinance provides for accommodation of such development by a reclassification of property into a Conditional Zoning District, subject to specific conditions and standards, which promote and provide for the compatibility of the Use and development of the subject parcel with the Use and development of the neighboring properties. Zoning petitions to establish a Conditional Zoning District will be processed in accordance with the provisions of this zoning ordinance for zoning amendments as well as this section. A Conditional Zoning District classification will be considered only if the application is made by the owner of the property or his/her authorized agent.

510.2. **USES WITHIN DISTRICT.** Within a Conditional Zoning District, only those Uses listed as permitted Uses in the corresponding zoning District shall be permitted. Individual conditions and site specific standards are limited to those needed to bring a project into compliance with town ordinances and adopted plans. The applicant shall propose development standards to mitigate the impacts reasonably expected to be generated, especially with regard to property adjacent to the Conditional Zoning District. Special Uses shall require a Special Use Permit as required for the applicable zoning District.

510.3 **CONDITIONS.**

510.31 In a Conditional Zoning District, conditions may specify the Uses proposed for the District; the location on the property of the proposed Use; the number of Dwelling Units or other Structures; the location and extent of supporting facilities such as parking areas, driveways, and access Streets; design elements of the proposed Use; the location and extent of Buffer areas and other special purpose areas; the timing of development; the location and extent of Right-of-Way and other areas to be dedicated for public purposes; the alteration of Streets to mitigate traffic and environmental impacts; Use limitations; and other matters the applicant proposes, or agrees to and which the town requests.

510.32 In considering a reclassification of property to a Conditional Zoning District, the Town Board of Commissioners may request that reasonable and appropriate conditions be attached to approval of the rezoning. Any such conditions should relate to the relationship of the proposed Use to surrounding property, proposed support facilities such as parking areas and driveways, pedestrian and vehicular circulation, screening and Buffer areas, the timing of development, Street and Right-of-Way improvements, water and sewer improvements, stormwater, the provision of open space, and other matters that the Town Board of Commissioners may find appropriate or the applicant may propose.

510.33 Such conditions to approval of the rezoning may include Dedication to the Town or State or a recognized legal entity, as appropriate, of any rights-of-way or Easements for roads, water, and sewer or other public utilities necessary to serve the proposed development. The applicant shall have a reasonable opportunity to consider and respond to any such conditions prior to final action by the Town Board of Commissioners.

510.34 Before filing an application for a Conditional Zoning District, the application(s) is encouraged to meet with the Zoning Administrator to

discuss the nature of the proposed reclassification, the standards for development under the existing and proposed classifications, and concerns that persons residing in the vicinity of the property may have regarding the proposed reclassification, if known.

510.35 All applications must include an exhibit map/schematic plan and supporting text which will become a part of the ordinance amendment, including the items listed below:

- (1) A site plan drawn to scale locating all proposed improvements, showing the total acreage, present zoning classifications and Uses for the subject property and adjacent properties, date, and north arrow.
- (2) The owners' names, addresses, and the tax parcel numbers of all adjoining properties.
- (3) All existing Easements, reservations, rights-of way, and all Yards required for the Conditional Zoning District requested.
- (4) Delineation of areas within the regulatory floodplain as shown on official Flood Hazard Boundary Maps for the Town of Montreat including delineation of streams and associated stream Buffers.
- (5) Proposed Uses of land and Structures. For residential Uses this includes the number of units and an outline of area where the Structure will be located and appropriate Setbacks. For nonresidential Uses, this includes the approximate square footage of all Structures and an outline of the area where the Structures will be located.

510.36 The Planning and Zoning Commission and/or Town Board of Commissioners may request additional information as they deem necessary. This information may include:

- (1) Proposed screening, including walls, Fences, or planting areas as well as treatment of any existing natural features.
- (2) Existing and proposed topography at five-foot contour intervals or less.
- (3) Generalized information on the number, height, and size or, in especially critical situations, the location of Structures.
- (4) Proposed number and location of detached Signs
- (5) Approximate completion time of the project and proposed phasing, if any.
- (6) Transportation plan with provisions for internal vehicular, transit, bicycle, and pedestrian circulation and parking
- (7) Conditions proposed to be incorporated in the Conditional Zoning District.

510.37 In approving a Conditional Zoning District, the Town Board of Commissioners may, impose more restrictive requirements than would otherwise be required by this ordinance and those in the application, as deemed necessary to ensure that the purposes and intent of this ordinance are met.

510.38 Other than Use conditions, no proposed condition can be a mere repetition of an already applicable requirement of this ordinance. The Zoning Administrator may order the removal of any such condition.

510.4 **COMMUNITY MEETING.** With respect to all Districts, the applicant is required to hold a community meeting prior to the application deadline for a Conditional Zoning District rezoning. Notice of the meeting shall be provided to owners of property within 250' of subject property, as listed with the Buncombe County Tax Department. Notice may be sent to additional properties by the applicant. At a minimum, the notice shall be sent by standard mail and be postmarked at least fourteen (14) days prior to the date of the community meeting. Additional types of public notice may be provided by the applicant.

510.41 A written report of the community meeting shall be included as part of the application packet. The written report of the meeting shall include a listing of those persons and organizations contacted about the meeting and the manner and date of contact, the time, date, and location of the meeting, and a description of any changes to the rezoning application made by the applicant as a result of the meeting.

510.42 Revisions to an approved Conditional Zoning District necessitating a Public Hearing applicable to the Institutional/ Residential (I/R) and the Institutional (I) Districts shall also require a community meeting.

510.5 **SCOPE OF APPROVAL.**

510.51 Any conditions approved in association with a Conditional Zoning District and so authorized shall be perpetually binding unless subsequently changed or amended as provided for in this Article. The applicant shall obtain certification of the approval of the Conditional Zoning District from the Town Clerk and shall record the certification and accompanying map exhibit/site plan in the office of the Register of Deeds of Buncombe County. The applicant shall return a certified copy of the recorded documents to the Town Clerk.

510.52 If for any reason any condition established pursuant to these regulations is found to be illegal or invalid, or if the applicant should fail to accept any condition, the approval of the Conditional Zoning District may be deemed null and void and the governing body may initiate proceedings to rezone the property to its previous zoning classification. Continued or repeated violations of the conditions in an approved Conditional Zoning District shall constitute an applicant's failure to accept said conditions.

510.53 Any violations of a condition in an approved Conditional Zoning District shall be treated the same as any other violation of this Ordinance and shall be subject to the same remedies and penalties as any such violation.

510.54 The approval of a zoning map or text amendment does not authorize any development activity. A Certificate of Zoning Compliance and any other administrative permits required by this ordinance shall be required, before the initiation of any development activity.

510.55 If an application for conditional zoning is approved, thereafter the development and Use of the property shall be governed by the standards, restrictions and regulations provided for in the corresponding zoning District, together with such changes, standards and conditions imposed by the Town Board of Commissioners.

510.56 If an application is approved, only those Uses and Structures indicated in the approved application and exhibit map/schematic plan shall be allowed on the subject property. A change of location of any Structures may be authorized pursuant to applicable provisions of the ordinance.

510.57 Following the approval of a rezoning application for a Conditional Zoning District, the subject property shall be identified on the Zoning Map by the appropriate District designation.

510.58 Any approved Conditional Zoning District shall have vested rights. NOTE: FURTHER REVISIONS MAY BE NECESSARY PER SUSAN TAYLOR RASH. THESE WILL BE CONSIDERED AS THE PROCESS CONTINUES.

#### **510.6 ALTERATIONS TO APPROVAL.**

510.61 Except as provided herein, changes to an approved Conditional Zoning District or to the conditions attached to the approval shall be treated the same as a new application for a Conditional Zoning District and shall be processed in accordance with the original procedures.

510.62 The Planning and Zoning Commission shall have the authority to approve an administrative change to an approved Conditional Zoning District application. The standard for approving or denying such a requested change shall be that the change does not significantly alter the approved plan or its conditions and that the change does not have a significant impact upon abutting properties. Changes that increase the Density of nonresidential development up to 10% of the approved Building square footage, but not more than 5,000 square feet, may be considered. For residential development, increases in Density are not allowed as an administrative change.

510.63 The Planning and Zoning Commission shall always have the discretion to decline to exercise this delegated authority if it believes a requested change should be deemed a rezoning application requiring a public hearing and Town Board of Commissioners approval under the circumstances. If the Planning and Zoning Commission declines to exercise this authority, then the applicant may only file a rezoning application in accordance with the applicable provisions of this Ordinance.

#### 511 **PLANNED UNIT DEVELOPMENT DISTRICT (“PUD”)**

511.1 This District allows projects of innovative design and layout that may not otherwise be permitted under this ordinance because of the strict application of zoning District regulations and/or general development standards. Variations from otherwise applicable regulations and standards may be granted with the adoption of the required Planned Unit Development District Master Plan (PUD Master Plan).

In return for greater flexibility, Planned Unit Developments are expected to deliver exceptional design, character and quality that preserve critical environmental resources and provide open space amenities. Such development shall incorporate creative design in the layout of Buildings, open space, and circulation; assure compatibility with surrounding land Uses and neighborhood character; and provide greater efficiency in the layout and provision of roads, utilities, and other infrastructure.

511.2 The PUD District encourages innovative land planning and design concepts by:

511.21 Providing flexibility in the application of zoning and development standards or regulations that were designed primarily for individual Lots;

511.22 Allowing greater freedom in selecting the means to provide access, light, open space, and design amenities;

511.23 Allowing greater freedom for a broad mix of various land Uses in the same development;

- 511.24 Promoting quality design and environmentally sensitive development by allowing development to take advantage of special site characteristics, locations, and land Uses;
- 511.25 Encouraging quality design by allowing higher densities when such increases are supported by superior standards or the provision of additional amenities; and
- 511.26 Protecting health, safety and general welfare without unduly inhibiting the development of property.

511.3 A Planned Unit Development shall be a new zoning District that replaces the existing zoning District. The development standards and land Uses in the approved PUD Master Plan are the zoning regulations, standards, and land Uses for a PUD in the PUD District. The Official Zoning Map shall identify the area covered by each PUD District.

511.31 All Uses that are set out in the approved PUD Master Plan shall be treated as a permitted Use within the District.

511.32 Except as otherwise provided by the adopted PUD Master Plan, property within an approved PUD shall be subject to all applicable regulations, subdivision plan approvals, site plan approvals, and other permits and approvals required by Town ordinances.

511.33 There is no minimum acreage required. However, the size of the PUD shall be evaluated by the Planning and Zoning Commission as warrants the location of the specific proposal.

511.34 The PUD Master Plan shall identify the total number of residential units and the maximum square footage for non-residential Uses. The form for presenting these quantities shall be clearly presented and easy to track. If the measure used includes Density, gross density is the applicable standard.

511.35 Development standards established by the approved PUD Master Plan shall be the applicable development standards within the PUD. Such standards shall include, but are not limited to, Building Height, building separations, building Setbacks, parking requirements, Lot size, Yard, Buffer and landscape requirements or other dimensional standards.

511.36 Development of property within a PUD is subject to all applicable Town regulations such as: subdivision plan approvals, site plan approvals, and other permits and approvals required by Town ordinances. The installation of transportation infrastructure shall be required in developing areas of the PUD as needed to serve that portions of the PUD.

511.4 **PROCEDURE**. A PUD zoning District shall be established through the process for rezoning property pursuant to the procedures for amendments as set forth in Section 309 of this ordinance. A pre-application meeting with the appropriate Town staff is required prior to formal submission of the application.

511.5 **REQUIREMENTS**

511.51 Submittal of an application to rezone property to a PUD shall include submission of a Planned Unit Development District Master Plan (PUD Master Plan). The PUD and the PUD Master Plan shall be treated as a single item when acted on by the Town Board of Commissioners. The PUD Master Plan shall include the following:

The form(s) chosen shall clearly illustrate the elements of the PUD Master Plan being presented.

511.54 The Town Administrator or Board of Commissioners may require a Traffic Impact Analysis (TIA) to be conducted by the applicant and submitted as part of the rezoning application.

512.55 A mix of land Uses and/or residential character types may be included in the PUD zoning District. The PUD Master Plan shall identify how Uses will be mixed within the PUD. Uses may vary for and within areas or phases of the PUD and it is acknowledged that the mix of Uses may need to change over time.

#### 511.6 **RECREATION AREAS AND OPEN SPACE**

511.61 General Requirement: The location and proposed amount of open space and recreation space shall be identified in the PUD Master Plan. The open space within a PUD may contain areas for both active and passive Uses. The PUD Master Plan shall include a management plan for those areas that will be privately controlled addressing long-term maintenance responsibility for these areas.

#### 511.7 **LANDSCAPING AND BUFFERS**

511.71 Compliance with General Landscaping Requirements: Landscaping shall comply with the standards of Article IX of this ordinance, except that variations from or modifications to these standards may be permitted in accordance with the PUD Master Plan or when a site plan or subdivision plan is presented for approval. The proposed landscaping should ensure compatibility with land Uses on surrounding properties, create attractive Streetscapes and parking areas, and be consistent with the urban design objectives and/or character of the PUD.

511.72 Boundary Transitions: The PUD Master Plan shall include a plan(s) for the transition between those land Uses proposed within the PUD and those land Uses adjacent to the outer boundary of the PUD. 511.8 **INTERPRETING THE PUD MASTER PLAN**

The Town Administrator, or Town Administrator's designee is authorized, when necessary, to interpret the development standards and/or plans contained in the PUD Master Plan. In such cases, the interpretation should be applied in a way that most closely meets the original intent of the PUD Master Plan.

511.9 **AMENDMENTS TO THE PUD AND PUD MASTER PLAN**

The Planned Unit Development District (PUD) and the Planned Development District Master Plan (PUD Master Plan) may be amended by the approval of a request to the Town Council. 600.2 Rights-of-way or access Easements shall not be considered a part of a Lot or open space, or front, side, or rear Yard for the purpose of meeting Yard requirements.

601 **LOT REDUCTION PROHIBITED.** No Yard or Lot existing at the time of the passage of this Ordinance shall be reduced in dimension or area below the minimum requirement set herein. Yards or Lots created after the effective date of this Ordinance shall meet at least the minimum requirements set by this Ordinance.

602 **EVERY LOT MUST HAVE ACCESS TO A STREET.** No Building, Structure or Use of land shall be established on a Lot within the Town limits which does not have legal and physical vehicular access to a dedicated and accepted public Street.

In the Extraterritorial Jurisdiction, no Building, Structure or Use of land for other than agricultural purposes shall be established on a Lot which does not have legal and physical vehicular access to a dedicated and accepted public Street or to a platted roadway connected to a public Street.

For any Lot that does not abut a public Street or, in the case of the Extraterritorial Jurisdiction for any Lot that does not abut a public Street or platted roadway, no Building, Structure or Use of land shall be established on such Lot unless it has a legal Easement connecting such Lot with a public Street, which Easement must:

1. Have a minimum width of twelve feet (12’):
2. Be physically passable for vehicular traffic; and
3. Be an Easement of record and appurtenant to the Lot for which it provides access.

If the Street or platted roadway providing access to a proposed development does not meet the Town street standards for public Streets, the developer shall make the necessary improvements to bring the Street or road up to such Town standards.

- 603 **MINIMUM LOT AREA.** The minimum Lot area shall be as specified in Article V for each Zoning District. In areas not served by a public or community sewer system, the minimum Lot area shall be determined by the Buncombe County Health Department. This minimum Lot area shall be that necessary for safe on-site waste disposal system, but in no case, shall the Lot be smaller than the required area for the Zoning District in which it is located.
- 604 **HEIGHT AND DENSITY.** No Structure shall hereafter be erected or altered so as to exceed the Density and height regulations of this Ordinance for the District in which it is located.

- 606.14 Accessory Buildings or Uses must meet the minimum Setbacks required by the applicable zoning District. Garages shall be located only in the side or rear Yards, unless as permitted in Section 606.2, and must meet the minimum Setbacks required by the applicable zoning District except under the provisions found in Section 606.2.
- 606.15 Accessory Buildings with any dimension greater than twelve feet (12') must meet the provisions of current NC State Residential Building Code.
- 606.2 **GARAGES IN FRONT YARD.** An owner of property in a residential District may apply for a Special Use Permit to build a Garage within the front Yard Setback subject to meeting all the following conditions:
- 606.21 The Zoning Administrator determines this will reduce damage to the natural topography, trees and natural green space, or where the topography will create a hardship that would result in significant damage to the topography, trees and plant life without such relief;
- 606.22 The Garage will be constructed of materials that meet or exceed the quality and appearance of the principal Building.

606.23 The Garage must be enclosed by an operable Garage door to be maintained in good working order, excluding carports.

606.24 The Garage doors shall be kept closed when the house is unoccupied for more than one day; and

606.25 The property owner shall maintain the Garage and its appearance to reasonably remain in the condition it is in when completed and approved by the Building Inspector. The Zoning Administrator shall determine when this provision has been violated.

606.3 **PORTABLE STORAGE CONTAINER.** In addition to meeting the general requirements found in Section 606.1, Portable Storage Containers shall meet the following conditions:

606.31 Portable Storage Containers shall not be located or placed within any Easements or Street Rights-of-Way without the written permission and authorization of the Town.

606.32 Portable Storage Containers shall be used for storage incidental to the principal Use on the same Lot. Storage containers shall not be used for retail sales or any other principal Use.

606.33 A Portable Storage Container shall be allowed on a property for a continuous period of no more than one hundred and eighty (180) days per twelve-month period. Exceptions to this time limit may be made by the Zoning Administrator.

606.34 In Residential Districts (R-1, R-2, R-3), Portable Storage Containers shall not be more than eight (8) feet in width and not more than twenty-four (24) feet in length.

606.35 For an active construction project in the Institutional/Residential (IR) and Institutional (I) Districts, Portable Storage Containers shall not be more than ten (10) feet in width and not more than forty (40) feet in length and shall be allowed on a property for a continuous period of no more than two hundred and ten (210) days per twelve-month period.

606.4 **REASONABLE ACCOMMODATION.** In addition to meeting the general requirements of Section 606.1, a property owner may erect or install Accessibility Features within the required Yard Setback, subject to meeting all the following conditions:

606.41 The proposed accessibility improvements shall provide “reasonable accommodations” to avoid discrimination against individuals with disabilities. The intrusion upon the Setback will not exceed that which is

practically required as determined by the Zoning Administrator.

606.42 Expansion of, or addition to, Decks and other appurtenant Structures beyond what is deemed necessary by the Zoning Administrator to provide reasonable accommodation for accessibility shall not be permitted.

606.43 Accessibility improvements designed and sited to occupy a portion of Street Right-of-Way fronting the property served are also subject to review for Administrative Approval by the Town Administrator prior to application for the associated construction permits.

607 **CORNER LOTS.** Any Structure on any Corner Lot abutting two Streets shall comply with the Minimum Front Yard Setback requirement for the Lot Frontage abutting the Street which the front of the Structure faces. Such Structure shall comply with fifty percent (50%) of the Minimum Front Yard Setback requirement for the Lot Frontage abutting the other Street. The Yard opposite the Yard for which the Minimum Front Yard Setback requirement is applicable shall meet the Minimum Rear Yard Setback requirement, and the remaining Yard shall meet the Minimum Side Yard Setback requirement. In case of doubt as to which Street the front of a Structure faces, or if a Structure is built so as not to face any Street, the Zoning Administrator shall determine the sides of the Structure for which the Minimum Front Yard, Minimum Rear Yard and Minimum Side Yard Setback requirements apply. The Setback requirements for Corner Lots having frontage on more than two Streets are set forth in Section 608 below.

608 **DOUBLE FRONTAGE LOTS.** For any Double Frontage Lot abutting two Streets that is not located on a corner, the minimum Front Yard Setback requirement shall be applicable to the Lot Frontage for each Street abutting such Lot. For any Double Frontage Lots abutting more than two Streets and any Corner Lot abutting more than two Streets, the Minimum Front Yard Setback requirement shall be applicable to at least two of the Lot Frontages of such Lot. The Setback requirements applicable to the Lot Frontage for the remaining Street or Streets shall be the Minimum Side Yard Setback. In cases of uncertainty, the Zoning Administrator shall determine which Minimum Yard Setback (side or rear) applies to which Lot Frontage. Provided, however, in the event that the Zoning Administrator determines that the application of either of the first two sentences of this Section 608 renders a Lot unusable, then the Zoning Administrator may grant up to a fifty percent (50%) reduction in the Minimum Front Yard Setback requirement applicable to one of the two Lot Frontages. Such reduction shall only be applied to a Lot Frontage along a local Street, cul-de-sac or unpaved road, and shall not be applied to the Lot Frontage along an arterial or collector road.

609 **SPECIAL FRONT YARD REQUIREMENTS IN DEVELOPED AREAS.** The front Setback requirements of this Ordinance shall not apply to any Lot where the average front Setback of already built-upon Lots located directly adjacent to, on either side of, and fronting on

the same side of the Street as such Lot, is less than the minimum required front Setback for the District in which the Lot is located. In such case, the front Setback for such Lot may be less than the minimum required front Setback but not less than the average of the existing front Setbacks for the Lots located on each side of the subject Lot.

Should only one of the adjacent Lots have an existing Structure located upon it, which Structure is located less than the minimum required front Setback, and the other adjacent Lot either (a) has no Structure located upon it, or (b) has a Structure upon it which is located more than the minimum required Setback from the front Property Line, then, for averaging purposes, the minimum required front Setback shall be used for such other adjacent Lot

Should there be only one buildable Lot adjacent to the subject Lot (for example, the subject Lot is a Corner Lot, or adjoins a public space, etc.) and should the sole adjacent Lot have an existing Structure located upon it, which Structure is located less than the minimum required front Setback, then the minimum required front Setback for the subject Lot shall be the same as the existing front Setback for the sole adjacent Lot.

Provided, however, in no event shall the minimum required front Setback be less than fifteen (15) feet.

610 **NUISANCES AND HAZARDS AT BUILDING SITES.** The holder of any Building Permit issued by the Town Building Inspector shall be responsible for maintaining the corresponding construction site free of rubbish, hazards, and unsightly conditions from the beginning of construction until occupancy. The Zoning Administrator (or his or her designee) or the Building Inspector shall determine if a hazardous or unsightly condition exists and notify the holder of the Building Permit of a violation of this ordinance in accordance with Section 307. The Town shall begin enforcement action if the situation is not corrected to the satisfaction of the Zoning Administrator within seven (7) days of notification. (For General Nuisances refer to the Montreat Code of General Ordinances, Chapter I, Article I.)

611 **MANUFACTURED HOMES.**

611.1 **PURPOSE.** To establish review guidelines for manufactured homes in order to insure that such homes will meet certain specifications and will provide pleasant living conditions while protecting adjacent property.

611.2 **LOCATION.** Any manufactured home established as a residence within the Town of Montreat after the adoption of this Ordinance may be located on a Lot in the R-1 Residential Zoning District. Manufactured homes used as residences on individual Lots shall be considered principal Uses for the purposes of this Ordinance and shall be subject to the criteria set forth in Section 611.4-611.5 below.

611.3 **EXEMPTIONS.** Manufactured homes on Lots may be exempt from the criteria in Section 611.4-611.5 providing that a valid Temporary Manufactured Home Placement permit is obtained from the Zoning Administrator. Each permit, when granted, shall be for one (1) calendar month, after which said permit can be renewed provided the below criteria are met.

611.31 When fire, flood, or other natural catastrophe makes an existing Single-Family Dwelling uninhabitable, the Zoning Administrator shall allow a manufactured home to be used on the same Lot as a temporary residence for a period not to exceed six (6) months.

611.32 During the active construction period of any construction project, the Zoning Administrator shall allow a manufactured home on the same Lot by the owner of the Lot for a period not to exceed twelve (12) months or the active construction period, whichever is less.

611.4 **CLASSES OF MANUFACTURED HOMES.** For the purposes of this Ordinance, manufactured homes shall be classed as follows: A manufactured home must meet all of the restrictions outlined under a particular class before it may be classified either A, B, or C.

611.41 **Class A.** This class of manufactured home shall be allowed as a Special Use in the R-1 Zoning District. In order for a manufactured home to be placed within this class, it must adhere to the following standards:

- 1) The unit must comply with National Manufactured Home Construction and Safety Standards adopted by the U. S. Department of Housing and Urban Development;

- 2) The unit must comply with the appearance criteria set forth in Section 623.5; and
- 3) The unit must not exceed a length to width ratio of 4:1.

611.43 Class C. This class shall not be allowed in the Town of Montreat and shall include all manufactured homes which cannot be classified as either Class A or Class B manufactured home.

611.5 APPEARANCE CRITERIA. Class A and Class B manufactured homes must meet the following criteria. Before issuing a Certificate of Occupancy for a Class A or a Class B manufactured home, the Zoning Administrator must certify the home meets the following appearance criteria.

611.51 Chassis Removal. The home shall have wheels, axles, transporting lights and towing apparatus removed.

611.52 Foundation. A continuous primarily masonry foundation, unpierced except for required ventilation and access shall be installed under all elements of the Structure. Footings for walls shall be below the frost line. The ground surface below the foundation shall be protected with a poly vapor barrier. Installation shall include positive surface water drainage away from the home.

611.53 Roofing. The home shall have a pitched roof and the roofing material must be compatible with residential construction within the area in which it is located.

611.54 Exterior Finish. The exterior materials shall be of a color, material, and scale comparable with those existing in residential construction within the area which it is located and in no case shall the degree of reflectivity of exterior finishes exceed that of gloss white paint. Siding, trim, and features should be compatible with those existing in residential construction within the District in which it is located.

612 REGULATIONS FOR CUT AND FILL SLOPES. Cut and fill slopes shall not exceed a 1:1 cut and 1.5:1 (horizontal distance: vertical distance). However, if stable exposed rock is the intended result, the cut and/or fill slope may be increased with approval of the Zoning Administrator and supporting recommendation from a North Carolina-registered professional engineer. (Note. The Hillside Development Ordinance applies to certain cut and/or fill slopes.)

613 DRAINAGE. A culvert of sufficient capacity or other means of drainage to control storm water runoff is required for each driveway or roadway connected to any public or private road in the Town of Montreat. Consultation is required with the Public Works Director regarding the type, material, placement, and method of installation of each such drainage facility. Written plans for drainage will be submitted to the Zoning Administrator for zoning compliance approval. (Note. The Stormwater Management Ordinance may have additional regulations.)

613.1 Sedimentation Control. All land disturbing activity is to be planned and conducted so as to prevent off-site sedimentation and storm water runoff damage.

614 AGRICULTURAL USES. Agricultural enterprises are allowed in certain Districts in the Town. Such Uses are allowed with the understanding by the Town that the land will be managed in such a way as to generate no off-site adverse effects such as sedimentation or other water pollution. As a general rule, grazing a horse on less than two acres is likely to produce such adverse effects. The Town Zoning Administrator is authorized to investigate reports of adverse off-site impacts of any land Use and to report such activities to appropriate regulatory agencies.

615 PARKING AND STORAGE OF TRAVEL TRAILERS, CAMPERS AND RECREATIONAL VEHICLES.

615.1 PARKING ON PRIVATE PROPERTY. No travel trailer, camper or recreational vehicle shall be used as a residence in the Town.

- 1) Exceptions to the requirements of this section shall be made for any visitor of a property owner of the Town when the visitor parks the travel trailer, camper, or recreational vehicle on property of such owner, with the permission of the owner and for a period not to exceed seven (7) days per year. No more than one such travel trailer, camper, or recreational vehicle occupied by visitors shall be allowed to park on any Lot in the Town.
- 2) The provisions of this section shall not be interpreted to prevent the storage or occasional use of a vacant travel trailer, camper, or recreational vehicle at a residence in the Town by the owner of that residence. Occasional use shall mean not more than seven days in succession nor more than four times in a twelve month period.
- 3) No travel trailer, camper, or recreational vehicle shall be offered for rent or lease on a short or long term basis in the Town.

615.2 PARKING ON PUBLIC PROPERTY PROHIBITED. No person shall park a travel trailer, camper, or recreational vehicle for the purpose of overnight habitation on any public property in the Town including but not limited to public Streets, Street rights-of-way, walkways, sidewalks, parking Lots, and any other public area.

616 APPROVAL FOR CONSTRUCTION IN RIGHTS-OF-WAY. Town Rights-of-Way are reserved for public purposes such as Streets, Street shoulders, utility facilities, Alleys, future Street improvements, bikeways, walkways, driveway connections, drainage, and plantings for beautification. Any and all construction in Town Rights-of-Way is prohibited without the prior written permission of the Town Administrator. At the discretion of the Zoning Administrator and the Town Administrator, private construction projects that

produce a public benefit may be allowed in Town Rights-of-Way (for example: a retaining wall that keeps a drainage ditch clear.) No private improvements on Town Rights-of-Way shall be allowed which will interfere with existing or future public benefits of Town Rights-of-Way.

- 617 **DRIVEWAY AND WALKWAY CONNECTIONS.** To the greatest extent practicable, and unless otherwise approved by the Town, driveway and walkway connections to public Streets shall be made within the Right-of-Way adjacent to the front of the Lot in the area located between the lines extending perpendicular from the existing roadway to each side Property Line at the corners closest to the Street. If existing conditions or other factors, including but not limited to excessively steep gradient or stormwater control considerations pose inordinate difficulty for, or preclude, a driveway connection to the public Street solely within the frontage area described above, application shall be made to the Board of Adjustment seeking a Variance from the provisions stated herein. The Variance requirement shall be waived if an Easement is granted by the neighboring landowners(s) permitting driveway access through the neighboring owner's Lot.

618 **FENCES.**

618.1 **NEW FENCE REQUIREMENTS.** All new Fences installed after the effective date of this Ordinance shall comply with the following requirements:

618.11 Except for front yard Fences permitted by subsection 2) below, Fences shall be installed in the area comprised by (a) the rear yard of a Lot, and (b) that portion of the side yards of the Lot extending from (i) lines drawn from each of the front corners of the Principal Building on the Lot to the nearest side Property Line at its nearest point, to (ii) the rear Property Line. Provided, however, that in the event the rear Property Line or the side Property Line of a Lot is adjacent to a Street, no portion of the Fence shall be located in the Minimum Rear Yard or Minimum Side Yard, as applicable.

618.12 Decorative Fences shall be permitted in front yards provided (a) they are of picket construction, and (b) they are not constructed higher than thirty-six inches (36") above natural grade. In Institutional and Institutional/Residential Zoning Districts, the Zoning Administrator may approve opaque Fences constructed higher than thirty-six inches (36") in front yards which screen propane tanks, HVAC equipment and similar unsightly Building appurtenances so long as landscaping is installed in accordance with the requirements set forth in subsection 618.13 below to provide a visual buffer from public view.

618.13 For Fences facing Streets (including without limitation Fences constructed in side yards facing Streets), landscaping vegetation shall be installed so that no more than one-third ( $1/3^{\text{rd}}$ ) of the exterior Fence surface area shall

be visible from the Street within three (3) years. No more than forty percent (40%) of the landscaping material may be deciduous. Decorative Fences that are at least thirty percent (30%) open shall be exempt from this landscaping requirement.

618.14 Fences shall be constructed of the following materials: (i) wood of natural color, white (or other light color matching the exterior of the Dwelling on the applicable Lot), black, dark green or brown, (ii) metal (except for chain link or wire), plastic or composite materials designed for residential fencing purposes and colored white (or other light color matching the exterior color of the Dwelling on the applicable Lot), black, dark green or brown, (iii) chain link or other wire material designed for residential fencing purposes and colored black, dark green or brown, or (iv) brick, stone, cast-stone or decorative block. 618.15 Fences shall not be constructed higher than five feet (5') above natural grade, except and provided that in Institutional and Institutional/ Residential Zoning Districts, the Board of Adjustment may approve as a Special Use Fences constructed higher than constructed five feet (5') either (i) in front yards as provided in subsection 2) above, or (ii) in side or rear yards to screen propane tanks, HVAC equipment and similar unsightly Building appurtenances or for special security or safety needs, so long as landscaping is installed in accordance with the requirements set forth in subsection 618.13 above to provide a visual buffer.

618.16 No Fence shall be constructed in a drainage easement without the permission of the Zoning Administrator.

618.17 No Fence shall be constructed in a utility easement without the permission of all utility companies that operate and maintain lines and/or facilities in the easement.

618.18 Notwithstanding anything herein to the contrary, no Fence shall be located, constructed or maintained in such a way as to obstruct the view of motorists or pedestrians using any streets, private driveways, parking aisles or the approach to any street intersection, or otherwise so as to constitute a traffic hazard.

618.2 **PROHIBITED FENCES**. Electrically charged Fences and sharp metal or glass Fences are prohibited. Barbed wire Fences are prohibited except only for special security

or safety needs (such as to limit access to high towers, electrical high voltage sites, hazardous equipment and the like).

618.3 **EXISTING FENCES.** All existing fencing that is replaced shall meet the requirements for new fencing.

619 **ACCESSORY DWELLING UNITS.** The purpose of an Accessory Dwelling Unit is to:

- (a) Provide flexible housing options for residents and their families:
- (b) Integrate affordable housing into the community with minimal negative impact:
- (c) Provide elderly citizens with the opportunity to retain their homes and age in place.

619.1 **STANDARDS**

- 2. Only one Accessory Dwelling Unit shall be permitted per Lot.
- 3. No Accessory Dwelling Unit shall exceed the height of the principal Structure.
- 4. The Accessory Dwelling Unit shall meet the appropriate Setbacks.

- 8. Manufactured housing, campers, travel trailers and recreational vehicles are not permitted for Use as an Accessory Dwelling Unit.

# ARTICLE VII – PARKING AND LOADING REGULATIONS

700 **GENERAL STATEMENT.** The Town of Montreat is a unique community that features and includes: (i) a conference center; (ii) a college, (ii) inns, (iii) gymnasiums, playgrounds, tennis courts and other athletic and recreational facilities; (iv) scenic areas and trails; (v) offices and other supporting facilities; and (vi) residential areas for Single-Family and Multi-Family Use, dormitories and apartments (collectively the “Usages”). Many of these facilities and the parking lots, spaces, Structures and facilities that support them have existed for decades and it would be difficult and expensive for the owners and/or operators thereof to add or reconfigure onsite and offsite parking beyond that which is presently in use and serving such facilities. Therefore, it is the intention of the Town of Montreat that as to all of the Usages existing on the Effective Date, the parking serving such Usages shall be Non-Conforming Uses of a Structure allowed in accordance with Article X of this Ordinance, and only with respect to construction of additional Structures or substantial expansion, modification or alteration of existing Usages, shall the additional parking be required by this Article. It is also noted that in many cases parking facilities for conference center and college buildings can be combined to support more than one facility or Usage, instead of new or additional spaces being required for each separate Building or facility. It is the intention of the Town of Montreat that off-street parking areas shall be required at the time of initial construction of any new Building or at the time of any expansion of an existing Building that produces an increase in Dwelling Units, guest rooms, Floor Area, seating or bed capacity, or when a conversion in Use occurs. Such off-Street parking areas shall be provided and maintained in accordance with the requirements set forth herein.

The requirement for additional off-Street parking areas to supplement existing parking shall apply to new construction or modifications to existing Buildings resulting in increases in Net Floor Area or changes in Use or occupancy classification. The requirement for additional parking shall be based upon the increased Net Floor Area or change only and related solely to the need for increased parking resulting from the increases in Net Floor Area or changes in Use or occupancy classification.

701 **PARKING AREA CONSTRUCTION STANDARDS.** With the exception of Sections 701.1 and 701.6 below, Single-Family and Two-Family residential Uses shall be exempt from the parking area construction standards unless specifically referenced. As stated in Section 700 above, entrances, Parking Spaces/areas, aisles or driveways in existence on the Effective Date which do not meet the specific provisions contained herein shall nevertheless be Non-Conforming Uses of a Structure in accordance with Article X of this Ordinance.

701.1 **PARKING SPACE REQUIREMENTS.** For the purpose of this Ordinance, Parking Space dimensions (other than those designed to be handicap accessible) shall be as follows:

701.11 A standard car Parking Space is nine feet (9') wide and eighteen feet (18') long.

701.12 A compact car Parking Space is eight feet (8') wide and sixteen feet (16') long.

701.13 Parallel Parking Space dimensions shall be a minimum of eight feet (8') wide and twenty feet (20') long.

701.2 **ENTRANCES (SOMETIMES "AISLE") AND DRIVEWAY WIDTHS.** No two-way entrance aisle or driveway shall be greater than twenty-four feet (24') wide. In no event shall an entrance be greater than twelve feet (12') for one-way traffic.

701.3 **SURFACING.**

701.31 All vehicular Parking Spaces shall be constructed of durable, dustless surface as defined herein unless otherwise approved by the Zoning Administrator and shall comply with the remaining requirements of this section for durable, dustless surfaces.

701.32 The installation of a durable, dustless surface may be temporarily delayed upon approval of the Zoning Administrator whenever it can be shown by the property owner or developer that the permanent size, shape or location of the parking area cannot be determined until the construction of a Building or permanent development of the property is completed. In those instances where a nondurable, non-dustless surface is approved, such surface shall at all times be maintained in good condition and free of ruts, potholes and vegetation. Failure to properly maintain such area shall be sufficient cause for the Zoning Administrator to require the owner to construct a durable, dustless surface.

701.33 For the purposes of this Section, a durable, dustless surface shall be constructed of concrete, asphalt, macadam, brick or similar material or special paving brick or block or structural grid material of such design as to permit the passage of water freely through the brick or block or permit the cultivation of grass within the voids thereof.

701.34 Loose stone or compacted stone without a suitable bonding agent may be acceptable as a durable, dustless surface if incorporated as part of an approved engineered pervious surface designed to accept the associated vehicular loads.

701.4 **CURBING.** The Town of Montreat encourages Low Impact Development (LID) and other innovative stormwater management techniques. Conventional curbing may be waived by the Town if alternative designs are approved and incorporated to encourage sheet flow drainage into pervious areas, or otherwise designed as part of an overall engineered stormwater retention/treatment system. All non-exempt residential and non-residential paved parking areas not utilizing approved alternative techniques shall be curbed using a standard curb with a minimum width of six inches (6") and may include a horizontal drain support/gutter having a minimum width of one foot (1').

Off-street parking areas shall be designed so that (i) parked vehicles do not encroach upon or extend onto Town Rights-of-Way, or sidewalks, and (ii) vehicles do not strike against or damage any wall, vegetation, utility, or other Structure. Such off-street parking areas shall be provided and maintained in accordance with the requirements set forth herein.

701.5 **MARKINGS AND SIGNAGE.** All non-exempt residential and non-residential paved Parking Spaces/areas shall be clearly delineated and identified by use of reflective paint, signage or other durable surface treatment as approved by the Town. Signage shall be Engineering Grade Prismatic (EGP) reflective finish designed in compliance with the current effective Manual on Uniform Traffic Control Devices (MUTCD) available for review at the Town Services Office. Accessible spaces for use by persons with disabilities shall be provided in conformity with the current effective North Carolina State Building Code and ADA standards. Compact car, bicycle, and other special-use Parking Spaces, if constructed or erected, shall be clearly identified and located to facilitate use by residents and/or the public.

Parking areas shall be constructed with a well-maintained traffic directional system and proper drainage.

701.6 **STORMWATER MANAGEMENT.** All newly-installed parking lots, regardless of surfacing, shall retain stormwater onsite or direct flows to systems designed to effectively remove pollutants and promote infiltration and recharge of the subsurface aquifer. (Note. The Stormwater Management Ordinance may also apply to parking spaces)

701.7 **LANDSCAPING.** Landscaping requirements are set forth in Section 903 of this Ordinance Code.

701.8 **PERMITTED SLOPE.** With respect to new construction: (i) no grade within a commercial or institutional parking area (excluding portions thereof used for driveway purposes) shall exceed sixteen percent (16%) slope; and (ii) residential parking areas shall not exceed twenty percent (20%) slope. Driveway areas that exceed 20% slope and/or which do not provide adequate turnaround width for parked vehicles shall not be included in calculation of required Parking Spaces. Accessible Parking Spaces, as defined by the current effective North Carolina State

Building Code and ADA standards shall not exceed a surface slope of two percent (2%) at any point. (Note. The Hillside Development Ordinance may also apply to slope)

702 **OFF-STREET PARKING SPACE REQUIREMENTS.** Off-street Parking Spaces shall be provided for the Uses listed below as specified.

702.1 **SINGLE-FAMILY DWELLINGS, TWO FAMILY DWELLINGS, AND MULTI-FAMILY DWELLINGS.** The total number of required Parking Spaces for residential Structures shall be calculated by considering heated square footage as follows: Two (2) spaces required per Dwelling Unit up to 2500 square feet. One (1) additional space required for each additional 1000 square feet or portion thereof above 2500. For existing residential Structures as of the date of adoption of this Ordinance, one (1) additional Parking Space shall be required for each 1000 square feet (or portion thereof in excess of 500 square feet) that is added to the Structure. By way of example, if 500-1499 square feet is added, one (1) additional space is required; if 1500-2499 square feet is added, two (2) additional spaces are required.

702.2 **BED AND BREAKFASTS, BOARDING HOUSES, AND HOTELS.** A minimum of one (1) standard car Parking Space for resident owner or manager is required, and a minimum of one (1) standard space per Dwelling Unit or rooming unit. Ten percent (10%) of the total number of required standard spaces may be met through installation of compact car spaces.

702.3 **DORMITORIES.** One (1) standard space is required per each two (2) persons in the dorm based on full occupancy. Ten percent (10%) of the total number of required standard spaces may be met through installation of compact spaces.

702.4 **OTHER OCCUPANCIES/USES.** One (1) standard space is required per 1,000 square feet of Gross Floor Area. Ten percent (10%) of the total number of required standard spaces may be met through installation of compact car spaces.

703 **BICYCLE PARKING.** Providing for bicycle parking is encouraged but not required.

704 **SHARED PARKING.** Shared parking may be approved under the following conditions:

704.1 Adjacent parking areas serving non-residential Buildings must be interconnected.

704.2 Ordinarily only two (2) facilities/Buildings that meet the conditions stated in this section may utilize shared parking for a given parking lot/area, but the Zoning Administrator may approve shared parking for more than two (2) Buildings pursuant to an approved Development Plan.

- 704.3 Where vehicular access is provided between adjoining non-residential Uses and the operating hours of adjoining Uses do not overlap, all of the required Parking Spaces (up to 100%) may be shared. For example, if a church, theater, assembly hall or other Use with peak hours of attendance at night or on Sundays, is located next to another Use or Uses that are closed at night or on Sundays, both Uses may be able to take advantage of this option.
- 704.4 If the operating hours of two (2) adjoining non-residential Uses overlap five or fewer hours each day, half of the required Parking Spaces (up to 50%) may be shared.
- 704.5 Where shared parking is being utilized to satisfy the parking requirements for new construction or the expansion of existing facilities/Buildings, the owners of the adjoining Uses shall have shared parking Easements or agreements in place providing them with an enforceable legal right to use the shared spaces as represented to the Town.
- 705 **USE OF PUBLIC STREETS FOR PARKING.** When determining parking area requirements for individual Uses, portions of public Streets may not be considered as permissible for parking unless part of an overall parking plan developed to accommodate new construction, alterations to, or changes in Use of, existing Buildings, and as provided for below:
- 705.1 Requests for approval of new parallel parking or diagonal Parking Spaces in the I and I/R Districts of Town are subject to review and approval on a case-by-case basis by the Town Administrator
- 705.2 Residential Buildings may meet or contribute to meeting motor vehicle parking requirements with on-Street parking if individual driveways are minimized and the fronting Street is sized or specifically designed to accommodate the parking needs of residential Buildings. On-Street parking shall be permitted by the Town Administrator. Owners of residential Buildings who use public Street Parking Spaces are subject to the following provisions: (i) their use of public Street Parking Spaces is non-exclusive and continued access by the public shall be maintained; and (ii) no private signage shall be permitted that restricts public use of designated on-Street Parking Spaces or areas.
- 706 **STRUCTURED PARKING.** Any above or below-ground Structure, covered or uncovered, constructed for the purpose of providing parking for one or more cars, shall be considered a Structure for all purposes of this Ordinance, specifically including Article III.
- 707 **OFF-STREET LOADING REGULATIONS.** Every Building, excluding Single-Family and Two-Family, shall provide space for the loading and unloading of vehicles off the Street. Such space shall have access to an Alley or if there is no Alley, to a Street. Required space shall be considered as follows:

- 707.1 Multi-Family Dwellings with more than ten Dwelling Units: One (1) Loading Space.
- 707.2 All other Uses: Each applicant shall submit a Loading Space and driveway plan with data demonstrating the adequacy of the facilities proposed in the plan. The plan is subject to approval of the Zoning Administrator.

# ARTICLE VIII – SIGNAGE

---

800 **PURPOSE.** The purposes of this Article are: (i) to permit such Signs in the Town of Montreat that will not, by their reason, size, location, construction, or manner of display, confuse or mislead the public, obstruct the vision necessary for traffic safety, or otherwise endanger public health and safety; and (ii) to permit and regulate Signs in such a way as to support and complement land-use objectives set forth in the Zoning Ordinance for the Town of Montreat.

801 **GENERAL REGULATIONS.** The following regulations shall apply to all Signs in all Zoning Districts:

801.1 **COMPLIANCE.** No Sign of any type shall be constructed, erected, painted, posted, placed, replaced, or hung in any District except in compliance with this Ordinance.

801.2 **MAINTENANCE.** All Signs, together with braces, guys and supports shall at all times be kept in good repair. If at any time a Sign should become unsafe or poorly maintained, the Zoning Administrator shall send written notice to the owner of the Sign that the Sign must be repaired, maintained or removed. Upon failure of the owner to correct such condition within thirty (30) days of such notice, the Zoning Administrator shall proceed with enforcement action pursuant to Section 801.9.

801.3 **REMOVAL OF OBSOLETE SIGNS.** Signs identifying establishments no longer in existence, products no longer being sold, and service no longer being rendered shall be removed from the premises within ten (10) days from the date of termination of such activities. Temporary Signs, pole-mounted banners giving notice of seasonal or special events, and political Signs shall be removed within two (2) days after termination of the event or election advertised. Upon failure of the owner of these Signs to remove such Signs within the prescribed time period, the Zoning Administrator shall proceed with enforcement action pursuant to Section 810.9.

801.4 **MEASUREMENT OF AREA; HEIGHT.** Sign area shall be computed by means of the smallest square, circle, rectangle, triangle, or combination thereof which will encompass the entire advertising copy or art designed to attract attention including borders and other architectural embellishments. Sign height shall be measured from the Street grade of the closest point in the Street along which the Sign is located or the average grade at the base of the Sign, whichever is higher, to the highest point of the Sign Structure.

801.5 **BUILDING CODE COMPLIANCE.** All commercial Signs shall fully comply with the requirements of the North Carolina State Building Code and National Electrical Code (NEC). A Building permit shall be required for any projecting Sign attached to a Building or Structure which has a surface area in excess of six (6) square feet.

An electrical permit is required for any internally or externally illuminated Sign powered by electrical sources regulated by requirements of the NEC.

801.7 **ILLUMINATION OF SIGNS.** Unless otherwise expressly prohibited, Signs may be illuminated from above at a downward angle provided that lighting directed toward a Sign shall be shielded in such a manner as to illuminate only the face of the Sign, and shall not project light into any portion of the traveled roadway or toward neighboring Buildings.

801.8 **SIGN PERMIT REQUIRED.** A Sign permit, issued by the Zoning Administrator shall be required for all Signs except those specified in Section 803 and Section 804. No permit shall be issued until the Zoning Administrator inspects plans for such Signs and determines that they are in accordance with the requirements contained in this Article. The fee schedule for Sign permits shall be set forth in the Town of Montreat Fee Schedule.

801.9 **ENFORCEMENT OF REGULATIONS.** Any Sign constructed after the Effective Date or any Sign maintained in a non-conforming manner shall be subject to the following actions:

801.91 **Notice.** The Zoning Administrator shall notify in writing the following persons of the non-conforming Sign:

1. The owner of the Sign;
2. The owner of the property on which the Sign is located; and;

801.92 **Penalties.** Penalties for these requirements are specified in Section 307.

801.93 **Appeals.** Any person having an interest in a Sign found to be non-conforming, or the property on which it is located, may appeal to the Board of Adjustment a determination by the Zoning Administrator ordering removal or compliance, as provided in Section 310 of this Ordinance.

801.94 **Removal.** If the non-conforming Sign has not been removed or brought into compliance with the provisions of this Ordinance within the allotted thirty (30) days and if no appeal has been taken, as specified above, then said Sign

shall be removed by the Town and the cost of removal shall be billed to the owner of the Sign.

801.95 Failure to Pay Removal Costs. (a) Pursuant to N.C.G.S. § 160A-193, if the Zoning Administrator determines that a Sign removed by the Town was dangerous or prejudicial to the public health or safety and the owner of the Sign has not paid the costs of removal within thirty (30) days of the billing date, then a lien in the amount of the costs of removal shall be placed on the real property where the removed Sign was located, and shall be collected as unpaid ad valorem property taxes. (b) If no determination of danger or prejudice to the public health or safety is made, then the costs of removal shall be collected by the Town in a civil action in the nature of a debt.

802 **PROHIBITED SIGNS.** The following Signs are prohibited, unless otherwise expressly permitted in this Ordinance:
