SIGNATURES AND ACKNOWLEDGEMENT

If permits are granted, I agree to conform to all ordinances and laws of the Town of Montreat and State of North Carolina regulating such work and the specifications of plans submitted. I hereby state that foregoing statements are accurate and correct to the best of my knowledge. My signature hereby authorizes the Zoning Administrator or designated representative to enter the above-referenced property for the purpose of inspecting and verifying compliance, as needed. Furthermore, I agree to take all reasonable measures to protect all public and private properties from damage caused by any land disturbing activities conducted in relation to this permit, as outlined in the Buncombe County Soil Erosion and Sedimentation Control Ordinance. This permit is subject to revocation if false information is provided.

NOTES (Please contact the Zoning Administrator for additional questions)

1. Properties in the floodplain may require a floodplain development permit.
2. Height is measured from the vertical distance measured from the Average Natural Grade of the applicable Lot to the highest point of the roofline of the applicable Building, or from the top of the parapet or roof surface for flat-roofed Buildings.
3. Depending on the proposed and existing impervious surface and the proposed disturbance, a Stormwater Control Permit and Plans and Erosion and Sediment Control Permit and plans may be required.
4. The total number of required parking spaces for residential dwellings is calculated by the heated square footage. Two spaces are required per new dwelling up to 2,500 square feet. An additional space is required for each additional 1,000 square feet or portion thereof above 2,500 square feet. Standard car parking spaces for residential development are 9 feet x 18 feet. Existing residential dwellings require one additional parking space for each 1,000 square feet or portion thereof added to the structure. For non-residential development, please contact the Zoning Administrator.
5. Driveway construction in the public right-of-way may require a cut permit and right-of-way agreement.
